We need your support to ensure that our Soulforce message about human dignity and worth is carried to the Convention floor and understood by the 8000 people who will be in attendance.

- We want the PC (USA) to amend its constitution regarding ordination of LGBT people;
- We want PC ministers to be allowed to conduct same-gender loving marriages in those states where these marriages are legal without fear of reprisals through the church courts.

Blessings and Peace,

SOULFORCE
Relentless Nonviolent Resistance
